

Love Me Not

See right now I need you Ill meet you somewhere now
You up now I see you I get you take care now
Slow down be cool I miss you come here now
Its yours now keep it Ill hold on until now
I need you right now once I leave you Im strung out
If I get you Im slowly breaking down
And oh its hard to see you but I wish you were right here
Oh its hard to leave you when I get you everywhere
All this time Im thinking we could never be a pair
Oh no I dont need you but I miss you come here
And oh its hard to see you but I wish you were right here
Oh its hard to leave you when I get you everywhere
All this time Im thinking Im strong enough to sink it
Oh no I dont need you but I miss you come here
He love me not he loves me
He holds me tight then lets me go
Soon as you leave me we always lose connection
Its getting messy I fiend for your affection
Dont loosen your grip got a hold on me
Now forever lets get back together
Lord take it so far away I pray that God we dont break
I want you to take me up and down And round and round again
You gotta say that youre sorry at the end of the night
Wake up in the morning everythings alright
At the end of the story youre holding me tight
I dont need to worry am I out of my mind
