

Ghetto Love Story

Uh, uh, uh
Okay, okay, okay, let's do it (I just wanna dance, I just wanna dance)
Slatt
Niggas know what the fuck goin' on (on that 26-12 shit)
I say (uh)
(Get groovy, get groovy)

Let me tell you about my ghetto lover (okay)
A mother of two and she got five brothers
Like no other, you can smell her comin'
'Cause she smell like cinnamon and cocoa butter (what? Smell good)
She got a man and that shit a bummer (okay)
Her and her best friend Dumb and Dumber (dumb-ass)
Always out gettin' drunk and drunker
They say they outside all summer (what? Drunk-ass hoes)
I caught her walkin' out the club (on bro)
I tried to say what's up (on foenem)
She seen my face before
She think I'm tryin' to set her up (boy, get the fuck on)
She said she had a man and told my ass to get the fuck (bye, bye, bye)
But I'd be damned if I get turned down
Baby, I'm not lettin' up (I ain't goin' for that)

Baby, baby
I just wanna dance (let me dance, let me dance)
I just wanna dance (ho)
Baby, I won't tell on you (ho, ho, ho)
I won't tell on you (let me dance, let me dance, let me dance)
I just wanna dance (lil' bitch)

Lil' baby, I'm fly, you fly
So if we fly together, we might just glide (we glide, yeah)
Just do not deny it
It might be the best thing you ever had if you try it
And she said, "Fine"
Her nerves bad, now she tryna get high (okay)
She said if her man find out
Just like my song, everybody gon' die (he'll kill my ass)
I gave her the bone and sent her home
I'm young, her boyfriend overgrown (that dick)
She in his face, she feelin' bad
Because a YN took her soul (on foenem)
And she a lil' slow (slatt, on foenem)
She gave him access to her phone (what?)

Her ass got beat (on foenem)
Now word on the street, that nigga tryna get me gone (uh, uh, uh)

Baby, baby (baby girl, let me dance with you)
I just wanna dance (you look good)
I just wanna dance (I don't give a fuck about yo' man)
Baby, I won't tell on you (I don't care about buddy, on bro, on bro)
I won't tell on you (I ain't gon' tell a soul, huh, I ain't gon' tell a soul)
I just wanna dance

I just wanna dance
I just wanna dance
I just wanna

Uh, woman, I just wanna dance
I understand that you got a boo
But I can't get jiggy with bein' friends
Plus, folks ass can't do it, I can
We go together like pots and pans
Y'all go together like water and sand
That shit don't match, if you get what I'm sayin'
Girl, you hot, you need a fan
You got problems, we gon' solve 'em
Drop them drawers, don't do no talkin'
Yo' boyfriend been stalkin' you
So I'm gon' pick up when he callin'
Baby, I'm fallin' for you
I'm young and ready and I'm goin'
Baby, I'm fallin' for you
I think about you every mornin'

Baby, baby (baby girl, let me dance with you)
I just wanna dance (you look good)
I just wanna dance (I don't give a fuck about yo' man)
Baby, I won't tell on you (I don't care about buddy, on bro, on bro)
I won't tell on you (I ain't gon' tell a soul, huh, I ain't gon' tell a soul)
I just wanna dance
I just wanna dance
I just wanna dance
I just wanna
